

Visiting Nurses is pleased to offer CareLink®, a personal emergency response system designed to reduce complications associated with a fall or other health-related emergency by ensuring prompt assistance.

### Press Your Pendant Anytime:

- Slip-and-fall accidents
- Medical emergencies
- Security or fire concerns
- Assistance contacting a caregiver or loved one

A VRI operator will stay on the line with you until help arrives.

### Easy Installation & Support

Our staff is available to make sure your unit is installed properly, and that you feel comfortable using it.

The VRI Support Center is there for you 24 hours-a-day, every day. You can feel safe knowing that if a need arises, help is just a pendant press away.

**The Right Help**

Knowledgeable, caring support center staff are trained to accurately determine what level of assistance is needed, and contact a friend, family member or medical personnel to respond as quickly as possible.

**What to Know**

- 1 out of 3 seniors fall each year, and among individuals over 65, falls are the leading cause of death due to injury
- 82% of falls happen when the individual is alone
- 78% of reported falls happen in and around the home
- Studies report that 92-96% of Medical Alert users were able to get off the floor within 60 minutes

**The Right Help**

CareLink® equipment is very reliable, offering hands-free, two-way capability. The light-weight and water-resistant pendants are easy to wear. For assistance, simply press the pendant button.\*
